

Custom Cost Reduction Solutions

Your needs are unique. Years of experience has taught us that no two customers are alike, and that a “one-size fits all” solution rarely works.

Let us build a unique solution for you.

Abacus Automation is your one stop source for your automation needs. Our goal is to provide unique, custom manufacturing solutions. These turnkey systems will make your processes more efficient, safer and profitable, with the quality demanded by your customers.

Our team has the knowledge and experience to provide expertise in mechanical and electrical engineering, programming, assembly, panel and machine wiring, and troubleshooting. We can upgrade your current equipment, or design and build new systems as needed. We work with your staff every step of the way, from initial consultation and concepts through design and implementation. Our worldwide support keeps your equipment in tune.

Some of our satisfied clients include:

- General Electric
 - Smith & Nephew
 - United Technologies
 - Proctor & Gamble
 - Husky Molding
 - Yankee Candle
 - Ben & Jerry’s
 - Gillette
 - Energizer
 - Rubbermaid
- ...and many more.

Call us today for a quote on your project and see how our business can help yours
